# Planning Your Upgrade

- Always check the release notes for the version you are upgrading to
- Bug scrubs may be relevant
- Plan a migration window with sufficient time
- Check the health of the appliance
- Ensure all pending deployments are pushed
- Perform backups of Firepower devices
- NTP...
- Check disk space

# Planning Your Upgrade Cont.

- Check the upgrade path
- Be aware of traffic flow and inspection interruption
- Do you need to consider upgrading FXOS?
- Clusters and HA deployments
- Images at the ready

# Demonstration

Lets Upgrade....
